

**Notification for Certified Welders & their Employers.
Bureau Technical Inspection OÜ
Decision on updates in Welder Certificate form**

Minutes of Meeting 02.05.2017

Participants:

Director Bureau Technical Inspection OÜ:
Technical Director BTI OÜ
Examiner BTI OÜ:

V. Issajev
P. Shugailo
N. Ivastsenko

Meeting Agenda:

1. Non Compliance to standard EN ISO 9606-1 requirements in Welder Certificate Form - item 37 (first page) and Estonian translation of item 37 (back page) - detected during external audit (EAK)/
2. Notification to Certified Welders & their Employers.
3. Preventive Actions.

Decision approved:

1. Considering standard EN ISO 9606-1 requirements wording “prolongation” inappropriately used in welder certificates, issued within the period from 24/09/2016 till 26/04/2017.
Certified Welders and their Employers should consider meaning of item 37 as follows: “Confirmation for the validity certificate by employer/welding coordinator for the following 6 months (EN ISO 9606-1 it. 9.3)”.
Estonian translation of item 37 on certificate back side should consider meaning as: Tööandja / keevituse koordinaatori poolt sertifikaadi kehtivuse kinnitus iga 6 kuu tagant. Kuupäev/ Allkiri/ Amet või tiitel
2. All welder certificates, issued within the period from 24/09/2016 till 26/04/2017, are valid, providing above mentioned terms are met by Certified Welders & their Employers.
3. New revision of welder certificate consider above mentioned changes and valid since 27/04/2017

Signatures:
